**COMBINED/JOINT INTERNATIONAL AND DOMESTIC
APPLICATION FOR
TRANSFER OF CONTROL**

Pursuant to section 214 of the Communications Act of 1934, as amended (the "Act"), and sections 63.04 and 63.24 of the Commission's rules, this Application seeks Commission approval to transfer/assign control of the telecommunications assets of Telliss, Inc. ("Telliss") to First Choice Technology, Inc. ("First Choice") (collectively referred to as "Applicants").¹

¹An application was submitted in April, 2007 for this transfer of control but was subsequently dismissed without prejudice due to a Red Light flag.

Telliss holds authority to provide domestic and international telecommunications services pursuant to section 214 of the Act.² The Agreement provides that First Choice will purchase substantially all of the telecommunications assets of Telliss (the "Acquisition"). The Acquisition will therefore result in the assignment of Telliss' 214 authorities to First Choice.

Telliss is a provider of interstate, international and intrastate interexchange telecommunications services. The customers of Telliss will benefit from this transaction through the increased resources and assets available to First Choice, which will help to both ensure continuity of service and enhance the ability of Telliss's customers to receive a broader range of innovative products and services that are offered by First Choice. The Acquisition will therefore serve to enhance the overall capability of First Choice to compete in the marketplace and to provide telecommunications services for a greater number of consumers at competitive rates. Grant of this Application clearly will promote competition in the interstate and international long distance telecommunications markets and will serve the public interest.

I. INFORMATION REQUIRED BY SECTION 63.24

This Application seeks authority to transfer/assign the telecommunications assets of Telliss, which holds authority pursuant to section 214 of the Act to provide domestic interstate and international telecommunications service, to First Choice. Section 63.24(e)(2) of the Commission's rules requires that an application for a substantial transfer of control of a carrier

² Telliss holds domestic and international authority pursuant to section 214 of the Act. Authority was granted in File No. ITC-214-20020129-00065. The certificate was issued in Tellis' assumed name, Net Bill Communications.

holding international section 214 authority include the following information, as described in section 63.18:

- (a) The name, address and contact number of the transferor is:

Terry Ballantini, Member

- (i) Applicants certify that they are not, and following the proposed transaction will not be, affiliated with any foreign carrier within the meaning of section 63.09(d) and (e).
- (j) The Applicants certify that they do not seek authority to provide service to any country described in paragraphs (1) through (4) of section 63.18(j).
- (k) Not applicable.
- (l) Not applicable.
- (m) Not applicable.
- (n) Applicants certify that they have not agreed to accept special concessions directly or indirectly from any foreign carrier with respect to any U.S. international route

where the foreign carrier possesses market power on the foreign end of the route and will not enter into such agreements in the future.

- (o) Applicants certify that no party to the Application is subject to a denial of Federal benefits pursuant to section 5301 of the Anti-Drug Abuse Act of 1988.
- (p) This international section 214 Application qualifies for streamlined processing pursuant to section 63.12 because the applicants are not affiliated with any foreign carriers; are not affiliated with any dominant U.S. carriers whose international switched or private line services the applicant seeks authority to resell; and do not seek authority to provide switched basic services over private lines to a country for which the Commission has not previously authorized the provision of switched services over private lines. This Application therefore should be granted, pursuant to section 63.12(a), fourteen days after the date of public notice listing this Application as accepted for filing.

II. ADDITIONAL INFORMATION REQUIRED BY SECTION 63.04

This Application seeks Commission consent to transfer/assign control of substantially all of the telecommunications assets of Telliss, which holds authority to provide domestic and international telecommunications services pursuant to section 214 of the Act. Pursuant to section 63.04(b) of the Commission's rules, the parties submit the following information in support of this Application in response to items 6 through 12 of section 63.04(a):

6) As set forth above, this Application seeks Commission consent to transfer/assign control of substantially all of the telecommunications assets of Telliss to First Choice. As a result of the transfer, Telliss will operate and provide service pursuant to the authority of Telliss, the assignment of which is being sought through this Application.

7) [intentionally omitted]

8) This Application qualifies for streamlined processing under section 63.03(b)(2)(I) because the transferee will have a market share in the interstate interexchange market of less than 10 percent, the transferee will provide competitive telephone exchange services or exchange access services exclusively in geographic areas served by a dominant local exchange carrier that is not a party to the proposed transaction, and no party to this Application is dominant with respect to any service.

(9) The parties will file a slamming certification letter with the Commission, if necessary.

(10) Only standard streamlined processing of this domestic section 214 transfer of control application is sought pursuant to Section 63.03.

(11) No waiver requests are being filed in conjunction with the transaction.

(12) As discussed above, grant of this Application will strengthen First Choice as the post-transaction company will become a stronger competitor in the marketplace for interstate and international telecommunications services. The customers of Telliss will benefit from First Choice's resources and assets, which will help ensure continuity of service and enhance the ability of First Choice to offer a broader range of innovative products and services to customers. Grant of this Application will promote competition in the domestic interexchange and international telecommunications markets and will serve the public interest.

III. CONCLUSION

For the foregoing reasons, this Application respectfully requests that the Commission consent to the transfer/assignment of control of Telliss to First Choice.

Respectfully submitted,
